“Start with the story.”

DEI Work

What is an Affinity Group?

An affinity group is a designated “safe space,” where everyone in that group shares a particular identity.

It can be based on race, gender, sexual orientation, language, nationality, physical/mental ability, family structure, religion, etc.

Affinity groups can be a place for **underrepresented people in a community to come together** to feel less isolated and more connected.

Allies

Allies are people who do not identify with a certain affinity group, but want to support the equal rights of people from that group.

Ally work and affinity work are both important aspects of creating social equity.

That's something I'm proud of.

We're also proud of this...

- Over 87,000 public schools in the U.S
- One of 28 public schools in California
- The only school in Goleta/Santa Barbara area to earn it twice.

Where multipliers operate, “light bulbs go on; ideas flow and problems get solved.”

Leaders should inspire others to stretch themselves and surpass expectations.
