Subject: 2021-22 Second Interim Financial Report

Introduction

The Goleta Union School District (GUSD) Second Interim Financial Report for fiscal year 2021-22 is presented this evening for discussion and approval. The State of California requires school districts prepare interim reports of financial activity and updated budget forecasts twice during each fiscal year. The Second Interim Report presents data as of January 31, 2022, and provides comparisons of the Adopted Budget, year to date actuals, and First and Second Interim projections.

The objective of interim reports is to help ensure proper Board oversight and periodic adjustment of the District operating budget. The Board asserts, by filing a Positive Certification of Financial Position, that the District is able to meet current year and two subsequent years' financial obligations.

The 2021-22 Second Interim Financial Report projects a fund balance in the General Fund that exceeds the GUSD's minimum recommended reserve requirement of three percent for the current and two subsequent years.

The state stipulates that the Interim Report be prepared using the Standardized Account Code Structure (SACS) formats, which are included in Section II. The Second Interim Report contains information on the General Fund revenues, expenditures and fund balance as well as a cash flow analysis, criteria and standards review and a subsequent two-year projection for fiscal years 2022-2023 and 2023-2024. These are useful documents in tracking trends and are important tools in financial planning. All of the District's revenue and expense accounts have been examined and adjusted as needed from the First Interim Report, factoring in enrollment, staffing levels, legally mandated services, property tax projections and carryover from the prior year.

In addition to the SACS schedules, included is a combined General Fund supporting analysis, Local Control Funding Formula Calculation Summary, detailed cash flow statement and analysis of each individual GUSD Fund. These materials are in Section I and together with the SACS documents provide a good cross-section of the fiscal health of the District.

Executive Summary

The Second Interim Report incorporates all of the changes made to the operating budget of the District since the First Interim Report.

As a Community Funded District, our revenue from local property taxes for fiscal year 2020-21 exceeds the LCFF entitlement funding by \$15.1 million, according to the most recent LCFF calculator. This number fluctuates and will increase with growth in property taxes and reductions in enrollment, but it may decrease as enrollment increases and more funding is added to the LCFF grants through the State budget. The LCFF calculation of monies earmarked in the Supplemental and Concentration Grants for unduplicated pupils (students from low-income families, English learners and foster youth) are not received by GUSD due to the community funded status, but amounts are still identified in the budget and LCAP spending plans as supporting those students.

Property Taxes

Revenues from local property taxes in 2021-22 are still projected to be \$46.0 million as they were at First Interim. This projection is based on the equalized roll data received from the County for 2021-22 and represents 3.5% growth overall in secured and unsecured taxes while including growth in distributions from the redevelopment agencies (RDA), which amounts to total growth of \$1.8 million and 4.2% over 2020-21. A 3.5% growth factor is used on the multi-year projection for future years confidently as property values and sales in the Goleta area remain very strong.

Enrollment

The final certified enrollment count for GUSD for the 2021-22 school year is 3,381 students which is up by 7 students from the 2020-21 school year. This represents an enrollment "leveling off" since the COVID shutdown. We anticipate increases in enrollment in the coming years as more students will return to GUSD schools after the COVID pandemic shutdowns. The addition of more students that qualify for transitional kindergarten will also be reflected in increased enrollment numbers for GUSD.

The unduplicated pupil count, which represents socioeconomically disadvantaged youth and English Learners, certified as of December is 1,333 making our unduplicated pupil percentage 39.4%, which is down from the 2020-21 numbers of 1,418 or 42.0%. This reduction is due to the enrollment decrease as well as the free food for all meal program this year that does not require families to fill out the free and reduced meal form to receive free meals.

Using the 96% attendance rate, we project the 2020-21 ADA to be approximately 3,239.

Negotiations

GUSD has not yet reached a settlement with the United Teaching Profession of Goleta (UTPG) or the California Service Employees of America (CSEA) bargaining units, so cost associated with any salary settlement is not included in this budget document.

Fund Balances

The Second Interim Budget includes a surplus in the General Fund of \$784,224. This surplus is the result of COVID Relief Funding received from the Federal and State Government under the CARES Act, as well as new grants from the state such as the Educator Effectiveness and Expanded Learning Opportunities Program funds. The 2021-22 fiscal year, before any negotiated settlements with the bargaining units, should end with a total available reserve of \$13.9 million or 15.51%. The projected assigned fund balance in the General Fund of \$2.0 million is the reserve of unspent one-time discretionary funds. This amount would be used to pay for any off schedule one-time bonus to employees, if negotiated and approved. Also included is a \$2.1 million reserve for economic uncertainties that is 3% of total expenditures in the General Fund.

Positive Certification

The Second Interim Budget presents a Positive Certification which signifies that the District is able to meet the current year and two subsequent years' financial obligations. Careful attention and communication will be made to the Board of Trustees to ensure continued effort to achieve future compliance reserve benchmarks.

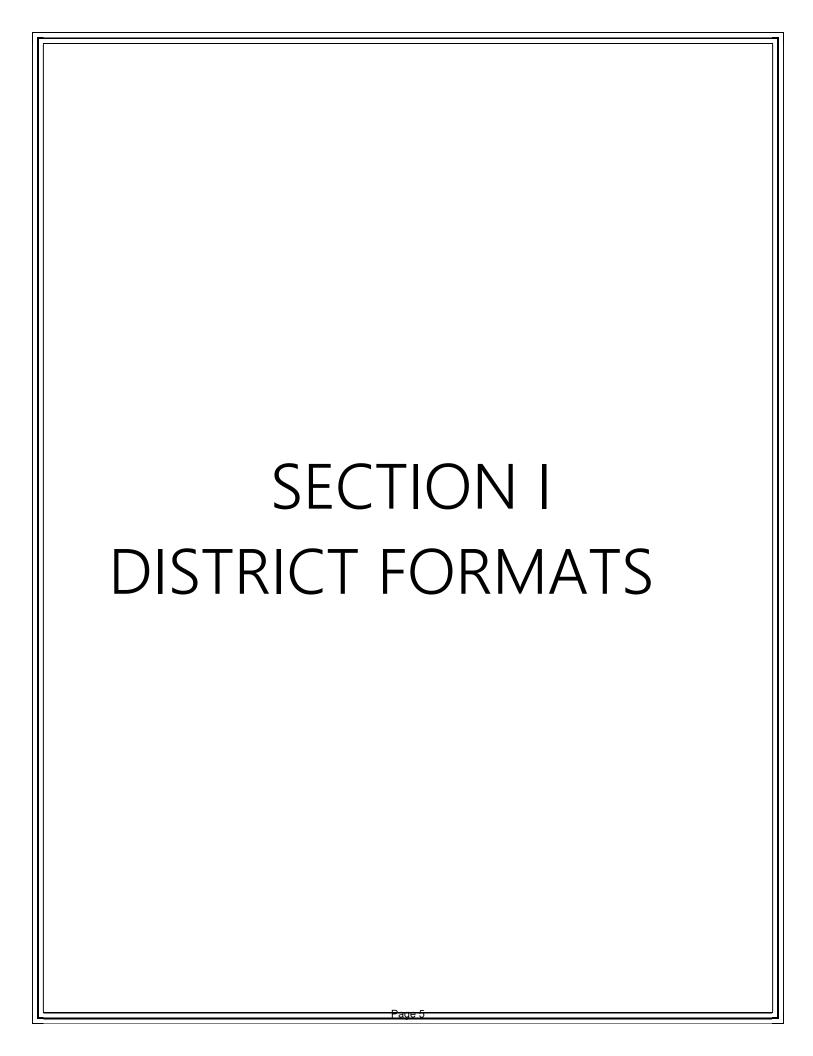

Contact Information

Every effort will be made to ensure that this and future budget documents will be presented in a manner that members of the general public will understand. Interested members of the public are encouraged to contact me to ask questions, make suggestions or discuss the information presented this evening.

2021-22 Second Interim Budget Highlights

Below is a quick list of items that have impacted the budget on the 2021-22 Second Interim report that are highlighted for easy reference.

- 1. **District Enrollment and Projected ADA** Certified enrollment for GUSD as reported in CalPads is 3,381 for the 2021-22 school year. Based on a 96% attendance factor, ADA is projected to be 3,245. The State has used the prior year ADA amount of 3,490 for most funding calculations for 2021-22.
- 2. **Property tax growth** for GUSD in 2021-22, with growth from the Redevelopment Agency is projected to be 4.2%, which amounts to approximately \$1.8 million in revenue. Future growth in revenue, as presented on the Multi-Year Projection, will be projected at 4% per year for the next two years.
- 3. **One-Time Funds** remained assigned in the General Fund in the amount of \$2.0 million to start the 2021-22 fiscal year. The funds may be released to fund an off-schedule bonus to employees through negotiations.
- Negotiated Settlements with GUSD bargaining units UTPG and CSEA are not included in the Second Interim Budget. Negotiations continue with CSEA waiting for approval and ratification of their proposed agreement and UTPG still unsettled.
- 5. **Fund Balance** available in the General Fund is projected to be \$13.9 million at the end of the 2021-22 fiscal year which represents a 15.51% reserve. Of that total, Restricted Fund Balance is \$1.8 million and \$2.0 million is the Assigned Balance of one-time funds. The 2021-22 Reserve for Economic Uncertainty is \$1.8 million or 3% of total expenditures in the General Fund.
- 6. **Contributions** from General Fund Unrestricted Funds for state and federal underfunded programs such as Student Transportation, Special Education, Routine Restricted Maintenance, and others is projected to be \$9.5 million for 2021-22

Revenues

All of the revenue increases from First Interim are on the restricted side of the budget. The increase in LCFF sources is due to the revised allocation of property taxes allocated through the

SELPA funding model. The increase in Federal Revenue sources is due to the update of entitlements and carryover amounts in such resources as Title I, Title III and truing up of all the COVID resource allocations. State revenues increased due to the increase in the per ADA amount for State Lottery and the addition of other state funds from grants such as a COVID testing grant received that was not included in the First Interim Budget. The increase in Other Local Revenues is due to the elimination of Student Accounts at the sites and bringing those balances into the district ledger as revenue.

Expenditures

The decrease in Salaries and Benefits is due to the elimination of placeholders in the COVID accounts for positions that will not be filled. The Books and Supplies accounts increased in the non-capitalized equipment area which covers such things as additional Chromebooks for students as well as the refreshing of classroom iPads and other devices. Service contracts increased to pay for the custodial coverage provided by Big Green for those sites where we have not been able to fill open night custodian positions. Other increases in services result from the need for additional hours of legal support in multiple areas. Finally, the Capital Outlay budget increased to account for the purchase of an additional lawn mower for the MOT grounds crew.

Fund Balances

Combined fund balance in the General Fund is projected to be \$13,916,788 at the end the 2021-22 year. Of that amount, \$1,805,915 is from restricted programs and \$2,011,187 is still assigned leaving an available reserve balance of \$10,883,906 or 15.51%. These reserve levels do not include the cost of any negotiated salary settlements.

The Restricted Fund Balance is broken down as follows:

TOTAL	\$ <u>1,805,918</u>
School Site Accounts	 474,710
Low-Performing Student Block Grant	3,809
CSEA Professional Development	31,683

Analysis of this schedule and explanations of variances are on the following page.

Multi-Year Projection

The three years of data presented above were developed beginning with the figures projected at First Interim for 2021-22. The projections include adjustments for items such as increases to property tax revenues, COLA for certain revenue accounts, increases in salaries and benefits due to movement on the salary schedule, as well as increases to the District contribution to STRS and PERS retirement systems. This second interim report and corresponding multi-year projection do not include the cost of any negotiated settlements with UTPG, CSEA or unrepresented confidential, supervisory and management staff.

Many factors can and will affect these projections out into the future such as state legislation, changes in the governor and his/her funding priorities, growth in property taxes, staffing, and local priorities, but this projection reflects the current economic and political climates of the Goleta area, the State of California and the Federal Government.

Multi-Year Revenues

The multi-year projection estimates an increase of 3.5% in property tax revenues each year over the next 2 years. Based on the current year growth of 4.1% and the current real estate climate in Goleta, 3.5% is a realistic yet still very conservative growth factor. Property tax have been enhanced in recent years by changes to the RDAs (Redevelopment Areas) that are in the dissolution process. Bond refinancing, sale of assets and any legal settlements with the RDA can and do result in additional revenues for the District. The large reduction to Federal and State Revenues is the result of the elimination of all CARES act COVID relief funds that were one-time in nature and will not carry forward into future years.

Multi-Year Expenditures

Salary and Benefit Expenditure amounts are increased each year by the cost of step and column movement on the salary schedule as well as the significant increases to the District's PERS and STRS contribution each year. These represent over a \$1.1 million increase going into the 2022-23 fiscal year and over \$1.9 million into 2023-24. The increases to Certificated Salaries are offset by the projected elimination of half of the temporary teacher positions needed during the pandemic and for teachers on leave. The large decreases from 2021-22 into 2022-23 are due mainly to the reduction in staffing that had been paid for by COVID relief funds to reduce class sizes. Some positions will be retained into 2022-23 as needed and to staff the need for new TK classrooms. These positions will be moved to the Unrestricted side of the budget. Additional temporary positions are reduced into 2023-24.

The large reduction adjustment in the Books and Supplies accounts going into 2021-22, represents the elimination of spending of the one-time COVID relief funds

Multi-Year Fund Balances

This multi-year projection shows a prudent level of reserves from 15.51% in 2021-22, 16.28% in 2022-23, and 16.69% in 2023-24. It is noted that these reserve levels do not include the impact of any negotiated settlement costs for salary and benefit increases with bargaining units over the three years presented. The state required 3% Reserve for Economic Uncertainties is met in all three years presented. Continued care and consideration must be taken to manage prudent reserves during these uncertain times while providing the highest level of services to all students and families of the Goleta Union School District.

Expanded Learning Program Statement Second Interim 2021-22

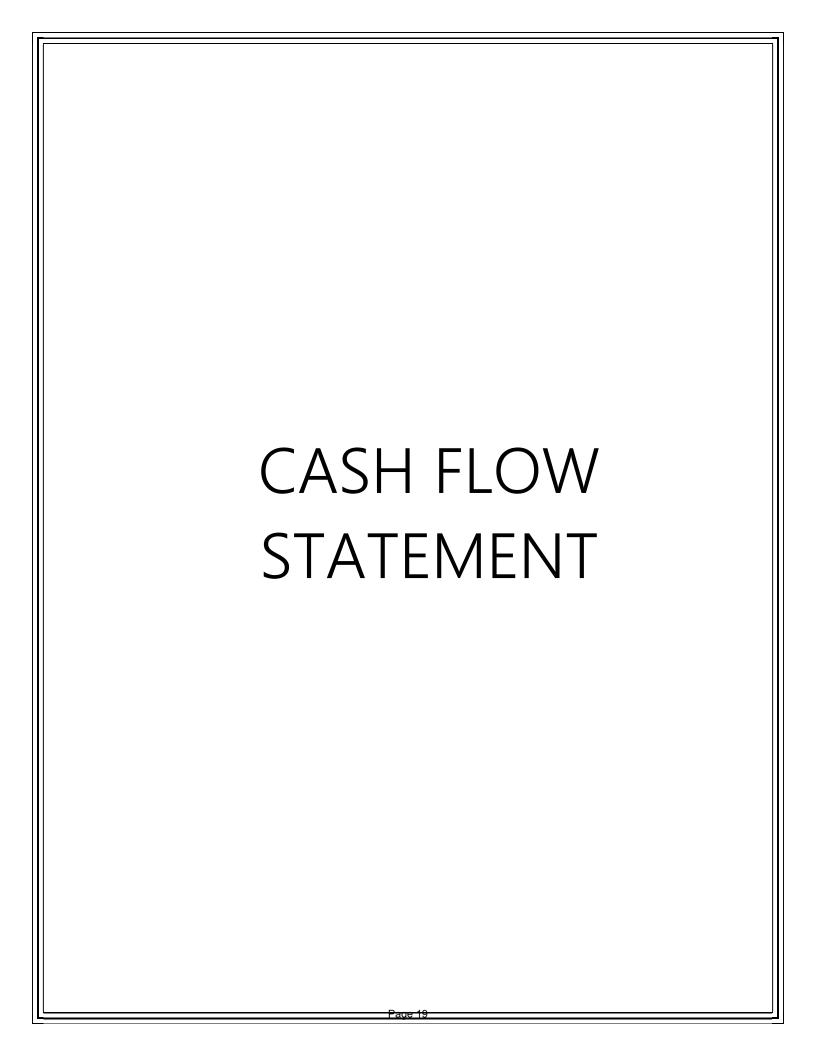

Below is a schedule of budgeted activity for the GUSD Expanded Learning Opportunity Afterschool Programs. GUSD operates the State Funded ASES program at El Camino, La Patera, and Isla Vista Schools while also operating a fee-based afterschool program at all schools.

Staffing has increased in this program since the beginning of the year and \$350,000 was added to the Capital Outlay budget to purchase portable buildings for the programs at La Patera and El Camino Schools. A third funding source, Expanded Learning Opportunity Program, has been added to the budget and will provide ongoing funding to support the program.

Fund 12 – Child Development Fund

This fund is used to account separately for federal, state, and local revenues to operate child development programs. All money received for or from Child Development Services covered under the Child Care and Development Services Act (Ed Code Section 8200 et seq.) shall be deposited into this fund. GUSD operates state funded preschools that are maintained in this fund and are self-supporting. Currently, the district is licensed for two classrooms housed at the District Office and one at El Camino and Ellwood schools.

The Child Development Fund has seen an increase in contract for state preschool revenue in recent history and we are working on expanding capacity to match the grant amount. Increases to the contract for state preschool as supported increases in staff costs.

Fund 13 – Cafeteria Special Revenue Fund

This fund is used to account separately for federal, state, and local resources to operate the Food Service Program. The Cafeteria Special Revenue Fund (Fund 13) shall be used only for those expenditures authorized by the governing board as necessary for the operation of the LEA's food service program (Education Code sections 38091 and 38100). Meals are prepared at the District Office Central Kitchen and delivered to all school sites daily.

The Food Services Department has been working nonstop since the beginning of the pandemic back in March 2020 and has provided close to 600,000 meals to community families with children. The Adopted Budget was based on the standard National School Lunch program revenues, but that has since changed to the Summer Model of food delivery that allows for free meals for all children. This has a large impact on the paid meals which resulted in the reduction to local revenues. The program reimburses at a higher rate so there is an increase in Federal Revenue. Based on the large number of meals being served, the projection of Federal Revenues has been increased since First Interim. The reserve in this fund will need to be spent down over the next few years per Federal Regulations and the department has a plan to do so that will include upgrades to the central kitchen, equipment, etc.

Fund 14 – Deferred Maintenance Fund

This fund is used to account separately for revenues that are restricted or committed for deferred maintenance purposes (Education Code sections 17582). Deferred maintenance uses include interior and exterior painting, major repair or replacement of plumbing, roofs, heating, electrical, asphalt and flooring systems.

This fund had been financed through the annual district contribution from the General Fund and budgets a regular amount for potential maintenance projects as needed during the fiscal year. The GUSD Board approved an increase of the transfer amount from the General Fund for 2021-22 to \$350,000 due to ongoing maintenance needs and the evaluation of the MOT property. Projects such as roof repair, heating unit replacements, and asphalt repairs reduce the amount accumulated in this fund. The budget increased due to additional repairs needed throughout the district.

Fund 21 – Building Fund

This fund is new to GUSD and exists primarily to account separately for proceeds from the sale of bonds (Education Code Section 15146) and may not be used for any purposes other than those for which the bonds were issued. Activity in this fund will fall under a separate independent audit each year and is subject to review by the Citizens Oversight Committee. All proceeds received from the sale of General Obligation Bonds authorized by the voter approved Measure M, will be accounted for in this fund. Repayment of the bond will be accounted for in a separate fund.

The first issue of bonds from the Measure M authorization was for a par value of \$5.7 million to be paid back over the next three years and will mature August 1, 2024. The smaller issue will fund projects to be budgeted for and completed over the next two years. Such projects include playground big toys, tricycle paths on kindergarten playgrounds and roof projects.

Fund 25 - Capital Facilities Fund

This fund is used primarily to account separately for money received from fees levied on development projects as a condition of approval (*Education Code sections 17620–17626 and Government Code Section 65995 et seq.*). Expenditures in Fund 25, Capital Facilities Fund, are restricted to the purposes specified in *Government Code sections 65970–65981 or Government Code Section 65995 et seq.*, or to the items specified in agreements with the developer (*Government Code Section 66006*). Costs of justifying and adopting fees may be paid from Fund 25 (*Education Code Section 17620*). Administrative costs of collecting fees may be reimbursed from Fund 25 within the limitations of *Education Code Section 17620*.

Developer Fees charged by the District are \$3.79/ft. residential, \$0.61/ft. commercial, and are shared 50/50 with Santa Barbara Unified School District. These fees will provide funding for site modernization projects as well as the annual rental cost of six portable classrooms. The budget includes acquisition and placement of additional portable buildings at El Camino and La Patera Schools where space is needed. Revenue activity in this fund can be a good leading indicator of property tax revenue growth in future years for the District as new unit developments result in new property tax revenues. Revenue amounts are much less now than in recent years to account for a slowdown in construction developments in the Goleta Valley during the pandemic.

Fund 51 – Bond Interest and Redemption Fund

This fund is used for the repayment of bonds issued for an LEA (*Education Code sections 15125–15262*). Bonds may be issued either by the county board of supervisors on behalf of the school district, or by the school district. The County Auditor maintains control over the LEA's Bond Interest and Redemption Fund. The principal and interest on the bonds must be paid by the County Auditor from taxes levied by the County Assessor and collected by the County Treasurer/Tax Collector.

This fund was established by Santa Barbara County to collect property taxes used to pay for principal and interest owed on the GUSD General Obligation Bonds (Measure M) from 1996. The County of Santa Barbara is legally responsible for setting the property tax rates necessary to have sufficient cash on hand to closely match interest and principal (redemption or retirement) on the bonds. The budget amounts were updated at First Interim based on data provided by the Santa Barbara County Education Office. The District does not technically control this fund, but it is presented for informational purposes and to meet the legal disclosure requirements. There were no changes to the budget from First Interim.

Fund 66 – Warehouse Revolving Fund

This fund is used primarily to maintain budget control and stock accounting of merchandise for District use (*Education Code Section 42830*). The Warehouse Revolving Fund (Fund 66) is reimbursed from various funds for amounts consumed by these user funds.

Expenses in Fund 66, Warehouse Revolving Fund, may include the purchase of stores to be placed in stock and the costs of receiving, storing, and delivering stores (*Education Code Section 42832*).

The District maintains a deductible liability insurance policy with SISC (Self Insurance Schools of California). This fund is used as a small reserve to make the deductible payment for lost, stolen or damaged district property. There were no changes to this budget from First Interim.

Fund 68 – Medical Insurance Clearing Fund

This fund is a self-insurance fund set up to separate monies received for medical insurance premiums from other operating funds of the district. Premiums are then submitted to the appropriate health and welfare plan.

The District uses this fund to accumulate employer and employee payroll contributions for health insurance. Payments to health insurance vendors are then made from this Fund, including retiree purchases for insurance. Employees contribute for ten months during the school year and do not contribute in July and August which is why there will always be a balance at year end to pay July and August premiums to SISC. Projections in this budget are made based on SISC rates and GUSD employee participation.

Fund 77 – SELPA Pass-Through Agency Fund

This fund exists to account separately for amounts of special education funding received from the State on behalf of the Santa Barbara County Special Education Local Planning Area. The funds will be transferred from Fund 77 to the SELPA and will then be distributed to member districts. GUSD is acting simply as a "cash conduit." for the state funding.

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occu

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation.

Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero.

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

C.	Carry-forward adjustment for under- or over-recovery in the current year				
		er-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect rate (6.35%) times Part III, Line B19); zero if negative	0.00		
	(app	r-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of roved indirect cost rate (6.35%) times Part III, Line B19) or (the highest rate used to ver costs from any program (2.04%) times Part III, Line B19); zero if positive	0.00		
D.	Prelimina	ary carry-forward adjustment (Line C1 or C2)	0.00		
E.	Optional allocation of negative carry-forward adjustment over more than one year				
	Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.				
	Option 1.	Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	not applicable		
	Option 2.	Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	not applicable		
	Option 3.	Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	not applicable		
	LEA request for Option 1, Option 2, or Option 3

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent

	superintendent.
