Subject: 2023-24 Proposed Budget Report

Introduction

The Goleta Union School District (GUSD) Proposed Budget Financial Report for fiscal year 2023-24 is presented this evening for public comment, review and discussion. The State of California requires school districts to adopt a budget by June 30 each year and prepare interim reports of financial activity and updated budget forecasts twice during each fiscal year. The Proposed Budget Report presents projected revenues and expenses for fiscal year 2023-24 and provides comparisons of Estimated Actuals for 2022-23. The report will be brought back to the GUSD Board of Trustees on June 28, 2023 for adoption.

The Board asserts, by filing a Positive Certification of Financial Position, that GUSD is able to meet the current year and two subsequent years' financial obligations.

The Projected Budget reports a fund balance in the General Fund that exceeds the minimum recommended reserve requirement of three percent for 2023-24 and two subsequent years.

The state stipulates that the budget reports be prepared using the Standardized Account Code Structure (SACS) formats, which are included in Section II. The report contains information on the General Fund revenues, expenditures and fund balance as well as a cash flow analysis, criteria and standards review and a subsequent two-year projection for fiscal years 2024-2025 and 2025-2026. These are useful documents in tracking trends and are important tools in financial planning.

In addition to the SACS schedules, included is a combined General Fund supporting analysis, Local Control Funding Formula Calculation Summary, LCAP Budget Overview for Parents, detailed cash flow statement and analysis of each individual GUSD Fund. These materials are in Section I and together with the SACS documents provide a good cross-section of the fiscal health of the district.

Executive Summary

The Proposed Budget Report projects results of operations for 2023-24 and incorporates changes made to the 2022-23 operating budget as the Estimated Actuals.

As a Community Funded District, revenue from local property taxes for fiscal years 2022-23 and 2023-24, continues to exceed the LCFF entitlement funding by a wide margin, \$13.97 million. The number will increase with growth in property taxes and decreases in district enrollment, but it may decrease as enrollment increases and more funding is added to the LCFF grants through the State budget. The LCFF calculation of monies earmarked in the Supplemental and Concentration Grants for unduplicated pupils (students from low-income families, English learners and foster youth) are not received by GUSD due to the community funded status, but amounts are still identified in the budget and in required LCAP spending plans as supporting those students.

Significant changes are made to the GUSD's Adopted Budget in the fall due to such factors as compensation, program changes, student enrollment and final staffing levels, and are reported in the First Interim Budget Report, brought to the board for approval in December. This also allows for items from the final state budget and the property tax report from the County Auditor to be updated in the GUSD budget. Finally, by then the books are closed for 2022-23 so the true beginning fund balances for 2023-24 will be confirmed.

This chart is to provide perspective into how we got here and why it is so important for GUSD to be as fiscally prudent as ever before. Prior to the COVID-19 pandemic, reserves were over 20% and spending was in check with revenues. Beginning with Fiscal Year 2021-22, expenditures grew rapidly with the help of one-time revenues in the form of COVID Relief came to the district. Expenditure levels increased from \$59.72 million to \$73.14 million in one year and have remained. Class sizes had to be reduced by hiring extra teachers, enhanced cleaning protocols and additional yard supervision resources had to be put in place in order to re-open schools. The priority was to get GUSD students back into classrooms with their teachers as soon as possible, while maintaining safe environments for learning. That goal was accomplished. The challenge today and going forward is that all of the one-time funds have been spent and GUSD has maintained many of the supports brought about during the pandemic, as well as experiencing significant increases to Special Education and the new pilot program for art, music and STEAM. By the end of 2022-23, we will see the reserve in the General Fund drop down to 9.29%. The GUSD Board of Trustees was faced with having to approve reductions to the GUSD budget to ensure the reserve did not fall significantly lower.

On May 24, 2023, over \$2.4 million in reductions were approved and incorporated into the Proposed Budget for 2023-24. While the 2023-24 proposed budget reports the reserve dropping to 8.32% it would have been much lower without the reductions. As property tax growth remains stable in the Goleta Valley, the Multi-Year Projection provided in this report estimates that the reserve can be brought back above 10% in 2024-25 with an additional \$1.5 million cuts and a 4.5% growth in property tax revenues. While we do not know what will happen with the State of California budget in the out years, we can plan for a stable level of growth in property taxes over the next few years that will help get us back on track to a more balanced budget.

Property Taxes

Revenues from local property taxes in fiscal year 2023-24 are projected to be \$52.53 million based on a growth factor of 6%. Growth is projected based on significant increases in home values being sold and the value of some large properties changing hands during 2022-23. A 4.5% growth factor is used on the multi-year projection for future years confidently as property values and sales in the Goleta area remain very strong.

Enrollment

The final certified enrollment count for GUSD for the 2022-23 school year was 3,416 students. This is 200 fewer students enrolled in GUSD schools than pre pandemic levels. Increases in enrollment in the coming years are anticipated with the addition of students that qualify for the expanded Transitional Kindergarten (TK) program. The projected enrollment for 2023-24 is currently 3,420 with an unduplicated pupil count of socioeconomically disadvantaged students and English Learners projected at 1,484.

Since the pandemic, the attendance rate as a percentage of enrollment has dropped from close to 97% down to 93.4%. We project this rate to be above 94% for 2023-24 and an average daily attendance (ADA) of 3,202. This directly affects revenue sources from the state based on

One-Time Funding

The 2022-23 State Budget established two block grants that would provide districts with much needed one-time funds to help smooth the transition out of the COVID pandemic. The Arts, Music, and Instructional Materials Block grant allocated \$2,112,653 to GUSD and the Learning Recovery Emergency Block Grant allocation of \$3,194,985 for a total \$5,309,238 in one-time funds for 2022-23. GUSD has received \$4,251,312 to date. As the state economy and tax collections at the state level have struggled to reach projections, the Governor has had to make up for shortfalls and is proposing to take back an amount approximately \$2,251,311, which is a big reason for the significant deficit in the Estimated Actuals for 2022-23. We have planned for the reduction in revenue but hold a glimmer of hope that this will be overturned through the state budget adoption process.

Fund Balances

Combined fund balance at the end of 2023-24 is projected to be \$9.27 million, which represents an available reserve of only 8.32%. Fund balance includes a restricted balance of \$1.71 million. The minimum 3% reserve amount for economic uncertainties would be \$2.20 million set aside at the end of 2023-24.

Positive Certification

The Proposed Budget presents a Positive Certification which signifies that the Goleta Union School District is able to meet the current year and two subsequent years' financial obligations. Careful attention and communication will be made to the Board of Trustees to ensure continued effort to achieve future compliance reserve benchmarks.

SECTION I

DISTRICT FORMATS

2023-24 Proposed Budget Highlights

Below is a quick list of items that impact the 2023-24 Proposed Budget Report highlighted for easy reference.

1. **District Enrollment and Projected ADA** – Enrollment for GUSD is projected to be 3,420 for the 2023-24 school year. Based on a 94% attendance factor, ADA is projected to be approximately 3,203. The State now uses an average of the prior three years of ADA or the current year, whichever is higher, for funding, which would be 3,317 for 2023-24.
2. **Results from Operations** - The 2023-24 budget projects an operating deficit in the General Fund of a combined \$1.4 million and the Estimated Actuals for 2022-23 projects an operational deficit of \$5.11 million.
3. **Property tax growth** for GUSD in 2023-24 is projected to be \$3.17 million. Future growth in revenue, as presented on the Multi-Year Projection, will be projected at 4.5% per year for the next two years.
4. **Fund Balance** in the General Fund is projected to be \$7.81 million at the end of the 2023-24 fiscal. Of that total, Restricted Fund Balance is \$1.71 million. The available reserve by the end of 2023-24 will be \$6.09 million and a reserve of 8.32%. The 2022-23 Reserve for Economic Uncertainty is \$2.20 million or 3% of total expenditures in the General Fund.
5. **Budget Reductions** approved by the Board on May 24 totaled almost \$2.5 million. While the majority of these reductions are incorporated into the Proposed Budget for 2023-24, some will be contingent on vacancies being created through employee attrition. An additional \$1.5 million in reductions are targeted for the 2024-25 budget.
6. **One-Time Funds** originally projected to be received in 2022-23 totaled \$5,31 million. Of that amount, the state plans to reduce/take back approximately \$2,25 million which has contributed significantly to the deficit in 2022-23
7. **LCAP Spending Plan** - The LCFF Calculator requires that GUSD include a minimum of \$2.93 million in the 2023-24 budget to contribute to the additional services for unduplicated socioeconomically disadvantaged and English Learner students. The 2023-24 budget includes \$3.99 million in contributing expenditures.
8. **Contributions** from Unrestricted General Fund Funds for underfunded categorical programs such as Student Transportation, Special Education, and Routine Restricted Maintenance, is projected to be \$11.28 million for 2023-24.

Analysis of this schedule and explanations of variances are on the following page.

Revenues

The increase in LCFF sources is the result of projected property tax revenue growth of 6% for 2023-24. This projection is higher than normal as the result of the sale of some large properties in Isla Vista at an amount significantly higher than the previously assessed values. The sharp decrease in Federal Revenues is due largely to the elimination of one-time COVID relief allocations as well as reductions in Special Education enhanced amounts carried over from 2021-22 into 2022-23. The large decrease in State Revenues is due to the elimination of the remaining one-time resource allocations and revenue distributions in the Learning Recovery Emergency Block Grant and the Arts, Music, Instructional Materials Block Grant. The decrease in Other Local Revenues is largely due to the elimination of one-time ERATE funding, Medi-Cal revenues and the resetting of PTA revenue for 2023-24.

Expenditures

The decrease in Certificated Salaries and Benefits is due to the release of seven additional temporary teachers as part of the Board approved reductions for 2023-24. Classified Salaries were also decreased as part of the reductions in such areas as specialists, custodians, and after school staff where staffing levels had been enhanced during COVID. The reductions in the salary accounts have a corresponding reduction in the benefit accounts. The Books and Supplies and Services accounts decreased due to the reversal of expenditures to set up new TK classrooms and a large expenditure in technology as part of the E-rate program, and deferral of purchasing a grade level of new Chromebooks. Service contracts decreased in areas such as Special Education as positions have been filled, a significant reduction to district Zoom accounts, and other consultant contracts used to pay for such things as contract custodial coverage for those sites where we have not been able to fill open night custodian positions. Other Outgoing Expenditures have been reduced to eliminate payments to other agencies through the SELPA Funding Model. Finally, transfers out have been reduced for 2023-24 as the transfer to Deferred Maintenance has been temporarily suspended. Finally, the Capital Outlay budget decreased due to timing differences in equipment availability such as vehicle replacements that are projected to be 18 months out.

Fund Balances

The combined fund balance in the General Fund is projected to be \$7,805,363 at the end of the 2023-24 fiscal year. Of that amount, \$1,711,624 is from restricted programs leaving an available reserve balance of \$6,088,739 or 8.32%. The required 3% reserve for Economic Uncertainties is \$2,195,036.

The Restricted Fund Balance is broken down as follows:

Educator Effectiveness	\$ 777,375

Arts, Music, and Instructional Materials Block Grant	455,200
CSEA Professional Development	31,683

Analysis of this schedule and explanations of variances are on the following page.

Multi-Year Projection

The three years of data presented above were developed beginning with the figures projected in the proposed budget for 2023-24. The projections include adjustments for items such as increases to property tax revenues, COLA for certain revenue accounts, increases in salaries and benefits due to movement on the salary schedule, as well as increases to the district contribution to STRS and PERS retirement systems. This projected budget report and corresponding multi-year projection do not include the cost of any negotiated settlements with UTPG, CSEA or unrepresented confidential, supervisory and management staff for 2023-24.

Many factors can and will affect these projections out into the future such as state legislation, changes in the governor and his/her funding priorities, growth in property taxes, staffing, and local priorities, but this projection reflects the current economic and political climates of the Goleta area, the State of California and the Federal Government.

Multi-Year Revenues

The multi-year projection estimates an increase of 4.5% in property tax revenues each year over the next 2 years. Based on the current year's growth, activity in the redevelopment agencies, and the current real estate climate in Goleta, 4.5% is a very realistic yet still reasonably conservative growth factor. Property taxes have been enhanced in recent years by changes to the RDAs (Redevelopment Areas) that are in the dissolution process. Bond refinancing, sale of assets and any legal settlements with the RDA can and do result in additional revenues for the district. Small COLAs have been added to State and Local revenues.

Multi-Year Expenditures

Salary and Benefit Expenditure amounts are increased each year by the cost of step and column movement on the salary schedule as well as the increases to the district's PERS and STRS contribution each year. These represent over a \$1.50 million increase going into the 2024-25 fiscal year and over \$1.62 million into 2025-26. Also included are two salary and benefit adjustments going into 2023-24.

Targeted Reductions area again included in the Multi-Year Projection in order to eliminate projected deficits and further drain on reserves in 2024-25. The year two reduction target going into 2024-25 is \$1.50 million. GUSD Administration along with the Board of Trustees will be working diligently to establish priorities for reductions in expenditures that may include rolling back additional COVID related supports and look at the areas of significant growth post COVID. Reserves have been reduced to near critical levels and the only way to recover is through expenditure reduction.

Multi-Year Fund Balances

This multi-year projection shows the GUSD reserves to be 8.32% in 2023-24, 10.55% in 2024-25 and 10.92% in 2025-26. Reserves have decreased as the result of the State taking back \$2 million in revenue, negotiated settlements and additional positions to maintain low class sizes, expand services for intervention, arts, music and special education as well as the continuation of COVID related supports. Overall, the district will prioritize areas of reductions over the next two years to reduce projected deficits and regain a more prudent reserve.

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Other Funds

Fund 08 – Student Activity Fund

This fund is used to account separately for all fundraising and student activity for each school site. All money is now kept in the County Treasury and accounted for in the district’s accounting system as external bank accounts have been eliminated. Each school has its own set of accounts and is managed separately centrally at the district office.

This fund was added in 2022-23 with the large transfer in coming from cash from outside bank accounts, that have since been closed. The large transfer in was a one-time transaction as the funds had been accounted for in the General Fund in a Local Restricted Account as the cash balances have all been moved to this new fund in 2022-23. There is no transfer planned for 2023-24. Budgets for Student Account Activity are updated throughout the school year.

Fund 12 – Child Development Fund

This fund is used to account separately for federal, state, and local revenues to operate child development programs. All money received for or from Child Development Services covered under the Child Care and Development Services Act (Ed Code Section 8200 et seq.) shall be deposited into this fund. GUSD operates state funded preschools that are maintained in this fund and are self-supporting. Currently, the district is licensed for two classrooms housed at the District Office and one at El Camino and Ellwood schools.

The Child Development Fund saw a slight increase in contract for state preschool revenue in 2022-23 and we are working on expanding capacity to match the grant amount. Federal funding has been eliminated and local revenues for fees and grants have been reduced. Expenditures are balanced to the revenues available in the fund and the program should operate in a zero-fund equity position.

Fund 13 – Cafeteria Special Revenue Fund

This fund is used to account separately for federal, state, and local resources to operate the Food Service Program. The Cafeteria Special Revenue Fund (Fund 13) shall be used only for those expenditures authorized by the governing board as necessary for the operation of the LEA’s food service program (Education Code sections 38091 and 38100). Meals are prepared at the District Office Central Kitchen and delivered to all school sites daily.

Revenues are still contingent on the State of CA continuing the free meals for all program that requires two meals per day per student to be offered, and those funds have been committed for 2023-24. We continue to serve a large number of meals while controlling costs. The large reserve in this fund will need to be spent down over the next few years per federal regulations and the department has a plan to do so that will include upgrades to the central kitchen, equipment, etc.

Fund 14 – Deferred Maintenance Fund

This fund is used to account separately for revenues that are restricted or committed for deferred maintenance purposes (Education Code sections 17582). Deferred maintenance uses include interior and exterior painting, major repair or replacement of plumbing, roofs, heating, electrical, asphalt and flooring systems.

This fund had been financed through the annual district contribution from the General Fund and budgets a regular amount for potential maintenance projects as needed during the fiscal year. The \$150,000 transfer amount from the General Fund from 2022-23 has been deferred in 2023-24 as we work to re-establish a prudent reserve in the General Fund. The contribution returns in 2024-25 and is included in the multi-year projection. Projects such as roof repair, heating unit replacements, and asphalt repairs reduce the amount accumulated in this fund.

Fund 21 – Building Fund

This fund is new to GUSD and exists primarily to account separately for proceeds from the sale of bonds (Education Code Section 15146) and may not be used for any purposes other than those for which the bonds were issued. Activity in this fund will fall under a separate independent audit each year and is subject to review by the Citizens Oversight Committee. All proceeds received from the sale of General Obligation Bonds authorized by the voter approved Measure M, will be accounted for in this fund. Repayment of the bond will be accounted for in a separate fund.

The second issue of bonds from the Measure M authorization for \$30 million was completed in 2022-23 to be paid back over the next three years and will mature August 1, 2024. The smaller issue will fund projects to be budgeted for and completed over the next two years. Such projects include playground big toys, tricycle paths on kindergarten playgrounds and roof projects. Budgets will be updated throughout the year and the life of the bond program as projects are added and new budgets are created. Discussions will begin in 2023 to issue more of the \$80 million Measure M authorization as larger projects are planned.

Fund 25 – Capital Facilities Fund

This fund is used primarily to account separately for money received from fees levied on development projects as a condition of approval (*Education Code sections 17620–17626 and Government Code Section 65995 et seq.*). Expenditures in Fund 25, Capital Facilities Fund, are restricted to the purposes specified in *Government Code sections 65970–65981 or Government Code Section 65995 et seq.*, or to the items specified in agreements with the developer (*Government Code Section 66006*). Costs of justifying and adopting fees may be paid from Fund 25 (*Education Code Section 17620*). Administrative costs of collecting fees may be reimbursed from Fund 25 within the limitations of *Education Code Section 17620*.

Developer Fees charged by the district are \$4.79/ft. residential, \$0.78/ft. commercial, and are shared 50/50 with Santa Barbara Unified School District. These fees will provide funding for site modernization projects as well as the annual rental cost of six portable classrooms. The budget includes acquisition and placement of additional portable buildings at El Camino and La Patera Schools where space is needed. Revenue activity in this fund can be a good leading indicator of property tax revenue growth in future years for the district as new unit developments result in new property tax revenues. Revenue amounts are much less now than in recent years to account for a slowdown in construction developments in the Goleta Valley during the pandemic.

Fund 51 – Bond Interest and Redemption Fund

This fund is used for the repayment of bonds issued for an LEA (*Education Code sections 15125–15262*). Bonds may be issued either by the county board of supervisors on behalf of the school district, or by the school district. The County Auditor maintains control over the LEA’s Bond Interest and Redemption Fund. The principal and interest on the bonds must be paid by the County Auditor from taxes levied by the County Assessor and collected by the County Treasurer/Tax Collector.

This fund was established by Santa Barbara County to collect property taxes used to pay for principal and interest owed on the GUSD General Obligation Bonds (Measure M) from 1996 and will also include the new Measure M from 2020. The County of Santa Barbara is legally responsible for setting the property tax rates necessary to have sufficient cash on hand to closely match interest and principal (redemption or retirement) on the bonds. The budget amounts are updated at First Interim based on data provided by the Santa Barbara County Education Office. GUSD does not technically control this fund, but it is presented for informational purposes and to meet the legal disclosure requirements.

Fund 66 – Warehouse Revolving Fund

This fund is used primarily to maintain budget control and stock accounting of merchandise for GUSD use (*Education Code Section 42830*). The Warehouse Revolving Fund (Fund 66) is reimbursed from various funds for amounts consumed by these user funds.

Expenses in Fund 66, Warehouse Revolving Fund, may include the purchase of stores to be placed in stock and the costs of receiving, storing, and delivering stores (*Education Code Section 42832*).

GUSD uses this fund to accumulate employer and employee payroll contributions for health insurance. Payments to health insurance vendors are then made from this Fund, including retiree purchases for insurance. Employees contribute for ten months during the school year and do not contribute in July and August which is why there will always be a balance at year end to pay July and August premiums to SISC. Projections in this budget are made based on SISC rates and GUSD employee participation. Activity in these funds is being moved to a new fund 78 per guidance from GUSD auditors and the funds will be closed at the end of the 22-23 fiscal year.

Fund 77/78 – SELPA Pass-Through & Payroll Clearing Funds

Fund 77 exists to account separately for the amounts of special education funding received from the State on behalf of the Santa Barbara County Special Education Local Planning Area. The funds will be transferred from Fund 77 to the SELPA and will then be distributed to member districts. GUSD is acting simply as a “cash conduit.” for state funding. Fund 78 is now used to accumulate employer and employee payroll contributions for health insurance. Payments to health insurance vendors are then made from this Fund, including retiree purchases for insurance. Employees contribute for ten months during the school year and do not contribute in July and August which is why there will always be a balance at year end to pay July and August premiums to SISC.

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation. _____

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. 0.00

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates

the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A. Indirect costs incurred in the current year (Part III, Line A8)	4,437,721.69
B. Carry-forward adjustment from prior year(s)	
1. Carry-forward adjustment from the second prior year	278,421.39
2. Carry-forward adjustment amount deferred from prior year(s), if any	0.00
C. Carry-forward adjustment for under- or over-recovery in the current year	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (6.39%) times Part III, Line B19); zero if negative	0.00
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (6.39%) times Part III, Line B19) or (the highest rate used to recover costs from any program (6.39%) times Part III, Line B19); zero if positive	(76,620.15)
D. Preliminary carry-forward adjustment (Line C1 or C2)	(76,620.15)
E. Optional allocation of negative carry-forward adjustment over more than one year	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	5.81%
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment (\$-38310.08) is applied to the current year calculation and the remainder (\$-38310.07) is deferred to one or more future years:	5.87%
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment (\$-25540.05) is applied to the current year calculation and the remainder (\$-51080.10) is deferred to one or more future years:	5.88%
LEA request for Option 1, Option 2, or Option 3	1
F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)	(76,620.15)

Approved indirect cost rate: 6.39%
Highest rate used in any program: 6.39%

3C. Comparison of District ADA to Enrollment Ratio to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD MET - Projected P-2 ADA to enrollment ratio has not exceeded the standard for the budget and two subsequent fiscal years.

Explanation:
(required if NOT met)

4. CRITERION: LCFF Revenue

STANDARD: Projected local control funding formula (LCFF) revenue for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year by more than the change in population, plus the district's gap funding or cost-of-living adjustment (COLA)¹ and its economic recovery target payment, plus or minus one percent.

For basic aid districts, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

For districts funded by necessary small school formulas, projected LCFF revenue has not changed from the prior fiscal year amount by more than the district's gap funding or COLA¹ and its economic recovery target payment, plus or minus one percent.

¹ Districts that are already at or above their LCFF target funding as described in Education Code Section 42238.03(d) receive no gap funding. These districts have a COLA applied to their LCFF target, but their year-over-year revenue increase might be less than the statutory COLA due to certain local factors and components of the funding formula.

4A. District's LCFF Revenue Standard

Indicate which standard applies:

LCFF Revenue

Basic Aid

Necessary Small School

The District must select which LCFF revenue standard applies.

LCFF Revenue Standard selected: Basic Aid
